

Constellation **COMBOS**

Participants: Me

Welcome aboard!

WHAT THIS PROJECT DOES

Provides entertainment and fun for two players. It'll test their collaboration and gaming skills

THE **INTENDED** AUDIENCE

01

Children to Young
Adults

02

People who love
video games

03

RPG Lovers

PROJECT APPROPRIATENESS

Classes Used:

- Algorithms and Analysis
- Game Design
- Discrete Math
- Languages and Automata I
- Software Carpentry

Extra Words

This is a continuation of my project from Game Design. I want to continue working on it and make it even better

PROJECT **TECHNOLOGIES**

1. Game Engine: Godot

2. Language: GDScript

3. Github

Experience:

I used only Godot in my game design class and have a decent grasp on it

I have used github throughout my entire time at LMU

THANK YOU

Questions??

Until next time!
